Miscellaneous

Playing violin – 5 years (participation in charities such as « Octobre Rose »)

Traveling around the world - especially to learn more about each other's cultures

Cooking - I'm a foodie

Nicolas Wadoux

Fullstack & Mobile developer

I am a French third year IT student (in a block release training). Wishing to specialise myself towards web or application development, I focus my studies in this field, guided by my desire to learn more and more and my curiosity. As a passionate I like to take part actively in a company's activities and increase my skills even more.

Qualifications

- 2024  **Master's degree in Web Engineering 120 ECTS**
- 2022  Ecole Supérieur du Génie Informatique – Paris XII
